DOUBLE-ACTING FORCE PUMP.

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 30 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. MISCELLANEOUS.

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artizans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co., - - Waltham, Mass.
Am. Watch Co. - - - - - Waltham, Mass.
American Watch Co.,
Crescent St., - - - - - Waltham, Mass.

RENOVATOR.

ON REACHING THE STOMACH, it assimulates at once with the food and liquids therein, and from the moment it passes into the blood, it attacks disease at its fountain head, in its germ and maturity, and dissipates it through the avenues of the organs with unerring certainty, and sends NEW AND PURE BLOOD BOURDING THROUGH EVERY ARTERY AND VEIN.

The tubercules of Scrufula that sometimes flourish and stud the inner coating of the abdomen, like kernels of corn, are withered, deadened and eradicated and the diseased parts nourished into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and activity.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, MAY 9, 1870.

JUDGE TOURGEE AT ORANGE COURT.

Judge Tourgee is improving; he has not been in the habit of reaching his Courts on Mondays; Wednesdays and Thursdays, having been his favorite days for opening his Courts, but at Orange Court last week, he came on Monday, charged the Grand Jury at two o'clock, P. M., and adjourned Court for the day.

Tuesday and Wednesday were spent for the most part on the State docket, which was the smallest we have had since Tourgee was elected Judge. Some attribute this to the fact that the leaguers, in fear of the Ku Klux, no longer rely upon Judge Tourgee to set verdicts aside when they are convicted of larceny.

Solicitor Bailis would have had work enough for the week, had it not been that the Governor's youthful "idiot," John Ledbetter, broke jail and released all leaguers therein, including Bill Hall, who attempted to assassinate Dr. Montgomery, last winter. Bill fled from the Ku Klux to Raleigh, and, the negroes say, had a talk with the Governor. After three or four months he boldly returned and was arrested in the house of one of the Governor's J. P.s hid under the bed. He was committed to jail, but was released by the Governor's pardoned, "idiotic" felon.

The Governor is a great favorite with the Jacobin leagues, and it is reasonable that he should be so, for they are bound to him and he to them by the most horrid, black oaths, mutually to defend each other.—Take for exemplification, the case of Bill Hall. His attempts to assassinate Dr. Montgomery, but failed on account of the dagger accidentally striking the Doctor's watch; he flees to Raleigh; in three months he returns to Orange, is arrested under the bed of one of the Governor's magistrates, and is committed to jail. There he finds a brother leaguer, the felon Ledbetter, who had been pardoned out of the Penitentiary by the Governor, who is President or ex President of the leagues, under the false pretext that he was a youthful "idiot." Ledbetter breaks the jail, releases Hall and other brother leaguers, and thus the mutual obligations of their secret oath-bound society are mutually discharged.

Judge Tourgee went through the docket in a gallop, giving notice on Thursday, that he would leave at 3 o'clock, P. M. on Friday, on the freight train. The Bar was greatly dissatisfied with this indecent haste, for which there was no excuse. It may be that he had to attend a league meeting on Friday night, but that would not justify his neglect of public duty, when it is remembered that he is paid $2,500 for holding Courts, and $2,400 as Code Commissioner.

A gentleman recently from Ohio, thinks that "Hon." Windy Billy Henderson is mistaken in what he said about Judge Tourgee and the Ohio Penitentiary. He says he knew him in Ashtabula county as a schoolmaster, and that he also taught school near Lake City, but never heard of his being in the Penitentiary.

We have distinguished lawyers in North Carolina, who were no deeper dyed in rebellion than Clingman, Holden, Rodman, Reade and Pool. They should be upon the Bench instead of this Ashtabula schoolmaster, who is as ignorant of law, as "Greasy Sam" is of good manners.

Tourgee adjourned the Court at sundown on Thursday evening, and ordered the Jury to return at 8 o'clock on Friday morning. The Bar owed it to themselves, to the Jury and the public, to have remonstrated against such indecent haste. Some of the Jury lived 18 miles from the Court House, and to require them to return at 8 o'clock, was an unreasonable order, especially when the Judge had lost the first day of the term, and there was yet a whole week for business.

The Jacobin policy of making Judges out of carpet bag Ohio schoolmasters, before they have read law, can be productive of nothing but mischief.

SHORTENING A LONG STORY.

The *Standard* of last Friday, has an article of over a column and a half in length, on the subject of the Literary fund, Swamp land, and University, the gist of which is, evidently, to smooth over the late iniquitous sale of the Swamp lands belonging to the Common School fund of this State. The article is doubtless the production of His Excellency, the Governor, who called the Board together, and gave his personal and official influence to the consummation of this stupendous swindle.

Let the Governor write, and let his son Joseph froth and fume, they cannot reflect the public mind, nor erase from it the remembrance and the condemnation of this outrage upon the literary and financial interests of the State, so long as the plain and simple facts relating to the transaction remains.

These are the facts: The Common School fund of the State owned 300,000 acres of Swamp land in the counties of Hyde, Tyrrell and Washington; the Governor and his Board of Public Instruction sold these lands for $50 000; the purchasers, within one month, sold 10,000 acres of them for $50,000 [the amount they paid for the whole] and had 290,000 acres left, worth over a million of dollars, which amount is lost to the Common School fund. Let the Governor meet and explain these *facts*.

The Stockholders of the Wilmington, Charlotte and Rutherford R. R. Co., will hold a general meeting in Charlotte, on Wednesday, June 1st.

FIRE AWAY.

Joseph in the *Standard* of Saturday morning says, he will give the Editor of the SENTINEL "a little more of the same sort," in his next issue. We suppose he means a little of the same sort as that given in last Monday morning. Well, fire away, Joseph; it don't hurt; but before you fire hadn't you and your Company better meet the little charge made by your brother Galloway of the Senate, under his "question of privilege" on the 16th of December last, and which is as follows:

"A. H. Galloway, colf, arose to a question of privilege in reference to a communication which appeared in the Hillsboro' *Recorder*, which he considered was a reflection upon himself and other members of the General Assembly. This article, he said, was written by some unknown *villain*, because he (Galloway) had introduced a resolution to have Bill Smith removed from the directorship of the N. C. R. R. The article stated that he (Galloway) was now a resident of Newbern, which was lie No. 1, as it was well known that he was a resident of the city of Wilmington, it also charged that he (Galloway) was a nuisance on Railroads, and obnoxious to passengers on account of his scent from the regularity of his imbibing Tangle Foot and P-p Skull. He believed the article was written by Bill Smith, President of the North Carolina Railroad, who asserted in caucus several nights ago that he (Smith) was *drunk* when he made that Salisbury speech. I now publicly denounce W. A. Smith, (and I desire the Reporters to notice it,) as a *liar, coward, scoundrel and poltroon*."

Now, in regard to the euphonious epithets bestowed by Galloway on the *head of the firm*, if he has "taken, and must take them," and they are true, what opinion will the world form of the *tail*, who presides immediately over the *slime factory*.

RADICAL RUMORS.

We have it from Radical sources, that Lieutenant Governor Tod is to be a candidate for Congress; "my son Joseph" is to be a candidate for the State Senate; "my son-in-law, Louis," a candidate for Attorney General, and our "dearly beloved," himself, is to be elected to the United States Senate.

When all these little arrangements are completed, Joseph is to be elected President of the Senate, which will make him Governor, that is, if "Dad" should happen to be elected to the United States Senate, and "Tod" to the lower House in Congress.

Won't this be a nice little arrangement!

The rumor comes to us through both black and white Radicals. We have no doubt Joseph will make a better Governor than the present incumbent; as he is younger and not so avaricious; though there will be a drawback so far as *he* is concerned, for Shakspeare says, "It is as hard to separate youth and lechery, as it is old age and avarice."

A NEGRO'S BED SOLD FOR TAXES.

A gentleman informs us that Bill Hasting, colored, living in Forsyth county, recently had his bed sold for taxes. The spectacle was a pitiable one; the children cried, and Bill, like the Governor, "cussed" considerably.

He said that the League had promised there should be no taxes on the blacks and low taxes on the whites, and now they had ruined both with taxes.

A negro's bed sold for taxes! What a commentary on Radical financeering!

Two years ago, the doctrine was to make taxes so high as to force the white men to sell their lands; it was not dreamed of by the poor darkey that his bed would be sacrificed with the white man's land.

A severe storm swept over Wilmington Thursday evening. The *Journal* of Friday says:

Last evening, at about half past 7 o'clock, during the prevalence of the storm, the new three story brick building on Market Street, occupied below by Mr. M. M. Katz as a dry goods store and by Mr. C. M. VanOrsdell above as a Photograph Gallery, was struck by lightning and opened to the rain, which poured in, penetrating through from the roof to the ground floor. No shock was felt by those in this or in the adjoining buildings, and, something also strange, there was no ignition of the building. The water rushed in so rapidly that much of the stock of the occupants was injured, or ruined, before it could be removed. Mr. VanOrsdell roughly estimates his loss at from $800 to $1,000 and probably more.—The amount of injury sustained by Mr. Katz we could not ascertain. The building, too, is considerably damaged. Mr. VanOrsdell was insured, but whether his policy will cover the loss in this peculiar instance, we are unable to state.

While sympathizing with these gentlemen in the injury they have sustained we cannot but feel thankful that it was not rendered greater by the horrors of a fire.

W. C. & A. Railroad.—From Hon. R. R. Bridgers, who has just returned from Baltimore, we learn that at a meeting of the stockholders, held in that city on the 27th ultimo, the Wilmington and Manchester Railroad Company re organized under the name of the Wilmington, Columbia and Augusta Railroad. Mr. Bridgers was elected President and Messrs. W. T. Walters, B. F. Newcomer, S. M. Shoemaker, Wm. Graham and Thomas Kennett, of Baltimore, J. D. Cameron, of Harrisburg, Penn., and D. Willis James, of New York, were chosen Directors. Three others are yet to be elected from among resident stockholders, residing on the line of the road. Mr. Bridgers, as President, is also, *ex officio*, a member of the Board of Directors. All of the old officers are to be retained.

Cash means were raised for the entire renovation of the road, the machinery and workshops to be overhauled and repaired, and the road-bed to be put in first rate condition.

We are satisfied that the benefits of this re organization will soon be exhibited here in the increased amounted of trade that will be brought to our city. Mr. Bridgers as President, and Capt. Winder, as Superintendent, are backed by men of means and enterprise, whose interests it will be to second the schemes of improvement of the officers of the road.—*Wilmington Journal.*

A Lady.—In Charleston, Mass, has suffered lately from an inflamed neck, caused by insects called borers inhabiting the Hindoo bark braid of her chignon. Fearing some of the insects had taken up their abode in the real hair, it was sacrificed. This fact will, of course, cause a "profound sensation" among the ladies who do not wear chignons made of real hair. But there is a similar objection to the real hair attachments—they are declared to harbor gregarines.

MEETING IN SWIFT CREEK TOWNSHIP.

A meeting of the Conservatives of Swift Creek Township, was held at Franklin's on Saturday, April 30th.

The meeting was organized by calling C. E. McCullars, to the chair and appointing Capt. W. E. Pierce, secretary.

On motion of Calvin Branch, the following gentlemen were appointed a Committee to draft resolutions expressive of the sense of this meeting:

Col. L. D. Stephenson, Geo. Atkinson, Gaston Broughton, Calvin Branch, Carlos Yates and W. E. Pierce.

After a brief absence the Committee returned and reported the following resolutions, which were unanimously adopted:

Resolved, 1st. That the people of North Carolina have given to the Republican party a full and fair trial, and they have failed in every department of the government, more for the want of integrity than ability.

Resolved, 2nd. That the Revised Code, with county Courts is cheaper and better for the people than the new Code with county Commissioners in constant pay.

Resolved, 3rd. That we disprove of all lawlessness and mob law.

Resolved, 4th. That we shall endeavor to cultivate kindly relations between the black and white races.

Resolved, 5th. That the arrest of James Utley and James Holleman, white men, by two negroes who are neither State or county officers, was not calculated to promote good feeling between the races.

Resolved, 6th. That the imprisonment of these two young men in the county jail, without a hearing, on Saturday, April 23nd, was an outrage upon the rights and liberties of the citizens, and calls for the just indignation of all men upon Judge Watts and the officers of the law who committed them.

Resolved, 7th. That the pardon of Wm. Beattie, by the Governor in two hours after his conviction for stealing a mule and horse from Wyatt Holleman, was an abuse of the pardoning power not contemplated by the Constitution.

Resolved, 8th. That in our opinion there can be no material or moral improvement in the State, under the present incompetent and corrupt administration, and we are determined to use all proper and lawful means to rid ourselves of it.

Resolved, 9th. That we will support the regular nominees of the Conservative party and will not vote for any "Independent" candidates.

The following nominations were made for Township officers, and endorsed by the meeting:

For Magistrates, Allen Adams, Wm. Pope.

For Clerk, N. J. Whitaker.

For School Committee, P. Yates, Geo. W. Woodall, Hawkins Raiss, (col.)

For Constable, Anderson Goodin.

On motion of Geo. W. Atkinson, the Chair appointed the following delegates to the approaching County Convention at Raleigh: W. E. Pierce, Wm. Pope, L. D. Stephenson, Anderson Goodin, Sion Beckwith, H. Booth, Thos. Harriss, Geo. W. Atkinson, Carlos Yates, A. Keith.

On motion the Chairman was added to the list of delegates.

On motion, *Resolved*, That the proceedings of this meeting be furnished the Raleigh SENTINEL with a request for publication.

On motion, the meeting adjourned.

E. C. McCULLARS, Ch'm.
W. E. Pierce, Sec'y.

In speaking of the wheat crop in that section the Asheville *Citizen* says:

We are gratified to learn that the prospect for large wheat crops in all sections of this country is most flattering. It is estimated that Buncombe county will produce twice as much wheat as she has in any one year for a long time past.

For all Diseases of Malarious Origin.

SWEET QUININE

is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

DEFINITE CASH SURRENDER VALUES,

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*,—upon which elements of administration the security of a Life Insurance Corporation *depends*.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

The corner stone of the monument to the Confederate dead will be laid by the Masonic Fraternity on Tuesday afternoon, 10th inst. at 4 o'clock, under the direction of R. W. Ellis Malone, Dep. Gr. Master.

The members of the Fraternity are requested to meet at the Masonic Hall, this evening, at 8 o'clock to arrange preliminaries.

D. W. BAIN, Grand Secretary.

May 9th, 1870.

Change of Hour.—This is a world of change, especially in Railroad schedules, the last of which has rendered our present hour of issue for the Daily, so inconvenient that we are compelled to change it.

In the first place, if we wait for the night telegrams before going to press, we cannot without extraordinary labor get our mails off in time for the trains, even under the most favorable circumstances, and when the telegrams are long or the wires work badly, we find it impossible, on account of the great increase in our subscription lists and the consequently longer time required to make up the mails.

In the second place, by changing from the morning to the evening, we save considerable expense in lights and also much night work by the printers.

Therefore, on and after this day, Monday, we shall commence to issue the Daily Sentinel at about 5 o'clock in the afternoon. There will be no change in the time of issuing the Semi-Weekly and Weekly.

An Unsightly Sight.—Passing along Fayetteville Street one evening recently, we overtook a man and woman, both young, and the latter of rather prepossessing appearance, so drunk as to be almost unable to maintain their equilibrium. It is bad enough for a man to so far degrade his nature as to be seen reeling in intoxication on the public highways, but for a woman it is horrible.

American Combination Sewing Machine.—We called in at Mr. Shelburn's, Saturday afternoon to witness the operation of one of these machines, for which Mr. Shelburn is Agent in this City. We believe it to be one of the most perfect pieces of machinery of its kind ever manufactured, and in this opinion we are sustained by one of the most experienced machinists of this City, and by a number of ladies who have purchased and fully tested its qualities.

It hems, stitches, fells, and tucks, braids, quilts and gathers; also, overcasts or whips, as the ladies express it sometimes, and works beautiful button and eyelet-holes.

It is very simple in structure and is easily adjusted for the various kinds of work it performs, and is almost noiseless in its operations.

We are advertising this machine, and can conscientiously say, that we believe the advertisement comes as near speaking the truth concerning it as could have been written.

Printers' Ink.—We are using an excellent article of ink from W. H. Bernard, of Wilmington, who keeps it for sale, and sells on very accommodating terms. We commend Mr. Bernard's ink to our brethren of the Press in the State.

By the way, Bernard has engaged in the Newspaper Agency business, and from him we have received several remunerative advertisements, and the best part of the business is, that he always pay punctually, which is more than we can say of some others.

Complimentary—Vary.—A meeting of the Reds in Greene county, recently, passed a resolution endorsing the late Legislature, declaring it as the opinion of the meeting that that body had done the best they could for the State. We suppose they meant to express the opinion that the Legislature had successfully carried out Radical doctrine of stealing everything that they could lay their hands upon.

Col. Cunningham, an old and respectable citizen of Asheville, fell from a wagon on Monday last and was seriously injured.

Charlotte is going to have an Opera House.

Third Congressional District.—The Executive Committee of this District, after consultation, have deemed it advisable to postpone the call for a nominating Convention, until after the meeting of the Central and District Executive Committees, which is to take place on the 15th of June, and suggest that delegates be appointed from all the counties of the District to attend the District Convention when it shall assemble.

Convention Week.—Mr. A. J. Rutjes, proprietor of the National Hotel, Raleigh, N. C. respectfully informs his friends and the public in general, that he has made ample preparations for the accomodation of seven hundred guests during Convention week. Parties wishing to obtain rooms are requested to inform Mr. Rutjes, by telegraph or letter, a day or two in advance, so as to avoid all confusion. The dining room during that week will be conducted on the European plan, meals at all hours.—The proprietor has also opened a first class bar for the accomodation of his guests, where the choicest liquors and finest brands of imported and domestic cigars can be obtained. 6tt.

Meeting of Clerks.—A number of the clerks of this city held a meeting at the store of Mr. L. E. Heartt, Fayetteville St., on Friday evening last, which was presided over by Capt. B. W. Justice, connected with the house of A. G. Lee & Co., and of which Mr. N. W. West was Secretary.—The object of the meeting was to take steps to induce the merchants of the city to close their stores at 7 o'clock P. M. during the Summer months, except on Saturday evenings, in order that the employees may have sometime of exercise and recreation. A committee for five was appointed to submit the matter to the merchants of the city and ask their acquiescence.

We think the request a reasonable one, and believe that a large majority of the customers of every merchant would give a hearty sanction to their compliance with the request of the petitioners. Whatever inconvenience that may be experienced at first, from the adoption of the regulation, would soon cease to exist when the public becomes accustomed to it.

Let the merchants remember that "All work and no play, makes Jack a dull boy."

"Bring Flowers—Sweet Flowers."—Our citizens will not forget that to-morrow is Memorial day, when those that love and honor the memory of our brave Confederate dead, in nearly every town and city in the State, near which their ashes repose, will assemble for the purpose of renewing a heartfelt tribute to their brave deeds and heroic death, and to scatter sweet flowers upon their graves.

We republish, to-day, the programme of proceedings adopted by the Ladies' Memorial Association of this city, and would also call attention to the notice of D. W. Bain, G. S., in regard to a meeting this evening of the Masonic Fraternity, in relation to the ceremonies to-morrow.

Meeting at Spikes'.—The Republicans held a meeting at Spikes' on Saturday, the proceedings of which, we presume, will not be furnished the Sentinel for publication, we therefore, take occasion to mention unofficially that it ended in a general knock down and drag out fight, participated in by some dozen colored gentlemen, several of whom were badly bruised, and one shot but the ball striking the hardest part of his body, viz: the skull, is not likely to prove fatal.

We give below the response of Governor Walker, of Virginia, to the resolutions passed by the recent citizens' meeting in this city, held in reference to the Richmond calamity:

Commonwealth of Va.,
Executive Department,
Richmond, May 2, 1870.

Hon. Wm. H. Battle, Chairman, &c., Raleigh, N. C.:

Sir:—I have the honor to acknowledge the receipt of the resolutions adopted by the people of Raleigh at a public meeting, of which you were chairman, held on the twenty-ninth (29th) ultimo, expressing sympathy with the bereaved and suffering victims of the late disaster at our State Capitol.

The people of this City and State are very grateful for this expression of sympathy from the people of the capital city of a sister State, especially one so near in association and feeling as Raleigh. It will tend to soothe the lacerated feelings of the bereaved, and calm the nerves of the distressed.

It will afford me a melancholy pleasure to place these resolutions of the people of Raleigh before the people of Richmond and of Virginia. The material aid which one of your resolutions provides for raising will be gratefully accepted.

Very Respectfully,
Your obedient servant.
[Signed.] G. C. WALKER.

For the Sentinel.

Mr. Editor:—Allow us space in your paper to present the claims of the following gentlemen for the Legislature for Wake County, at the next election: For the Senate, Gaston H Wilder; for the House of Representatives, Dr. J. B. Dunn, G. W. Alford, Capt. J. Q DeCarteret and B. Y. Rogers.

MANY CITIZENS.

Prostration Played Out.

Violent purgatives emetics, salivants blistering and bleeding have had their day.

The sick can no longer be persuaded that the best way to cure them is to destroy the little strength that disease has left them.

Dyspeptics instead of dosing themselves with epsom salts, aloes, colycinth, jalap, and other powerful cathartics tone their digestive organs and regulate their bowels with Hostetter's Stomach Bitters.

Persons of bilious habit, instead of throwing the whole glandular system into a state of morbid irritation with mercurial poison, seek relief, and find it, in the operation of that wholesome vegetable Extra tive upon the disordered liver.

Nervous sufferers, tremulous, weak and despondent, recruit their shattered energies with a course of the great invigorant, and bless the day when the adulterated liquors of commerce were superseded by a medicated stimulant perfectly efficient and entirely harmless.

Travelers by land and sea rejoice in the possession of an agreeable corrective, which protects them from the evil effect of malaria, from sea sickness, and from the disturbing influences of changes of temperature, and change of water.

The weak and debilitated feel their strength return, and their spirits revive under its bracing, appetizing, gently exhilarating action.

It is the only stimulant which cautious physicians can conscientiously recommend to ladies in delicate health or to the aged and decrepid.

There is not a city, town or settlement, on the American continent, where it is not recognized as a household remedy, and a safeguard against epidemics; and, in short, wherever there is intelligence, prudence and common sense, Hostetter's Stomach Bitters is pronounced a standard specific, for which, in the whole range of pharmacy there is no substitute or equivalent.

TENTH OF MAY.

PROGRAMME OF EXERCISES FOR THE MEMORIAL CELEBRATION.

Members of the Memorial Association and the public generally are invited to assemble at the Confederate Cemetery, at four o'clock, P. M., on Tuesday.

The exercises of the occasion will be opened by prayer by Rev. J. V. Mc. Namara.

After which an appropriate Ode will be sung.

The corner-stone of the contemplated Monument will then be laid, with appropriate ceremonies, under the direction of the Masonic Fraternity.

The annual Memorial Oration will next be pronounced by Gen. Matt. W. Ransom, of Northampton county.

Anthem by the Choir; and

Benediction;

When the assemblage will disperse through the grounds, for the purpose of decorating the graves of the dead with floral offerings.

Suitable seats will be provided for the ladies. W. HAL. HARRISON, Chief Marshal.

J. C. Sime, A. Smedes, } Assistants.

Plagiaristic.—We fell in love with that beautiful piece of poetry contributed "for the *Standard*," and which appeared on the 6th, entitled "The German's Native Land," the first time we saw it, which was in the Cincinnati *Enquirer* sometime since. We have no doubt the poetry is original, or was, before it was published in the *Enquirer* and copied into the *Standard*.

Doing his First Work over Again.—The last we heard from the carpet-bag Representative in the Legislature from Wilkes county, he had just returned from Pennsylvania, where he had been to be remarried to his wife, whom he had left there with two children, while he was accumulating honors in making laws for North Carolina.

PURELY MUTUAL. DIVIDENDS PAYABLE AT THE END OF THE FIRST YEAR AND ANNUALLY THEREAFTER.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" AFTER THEY ONCE BEGIN TO PAY THEM AT ALL; but they DO NOT BEGIN TO PAY until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends at the end of *one year*, and each year thereafter, equals FOUR HUNDRED AND THIRTY SIX DOLLARS paid at the end of FOUR YEARS, interest at six per cent.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD !!

No more Exploded Cans !—No more Exploded Lamps!
No more Smoke !—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less !—It lasts longer !—Gives a more Brilliant Light !—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 6th 1869.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unobjectionable to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Testimonials without number from citizens of this, as well as those of other States might be published, but the above is sufficient. Any person having the Right can make $ to 10 bbls., of the Fluid in an hour.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

UNPREGEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *Highest award* in premiums and diplomas wherever entered for competition at *fairs* and exhibitions held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparatively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Miss Tompkins' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Instructions in the use of the machine will be given to all purchasers *gratis*.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate *worth twice the amount loaned, paying ten per cent per annum.*

All its Policies are non-forfeitable and participate in profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.
